Sicily is my love

Dolce&Gabbana i Smeg udružuju kreativne snage kako bi stvorili *Sicily is my Love*, novi jedinstveni projekt *Made in Italy*. Novu kolekciju malih kućanskih aparata proizvodi Smeg s nepogrešivim Dolce&Gabbana štihom. Tosteri, citrusete, kuhala za vodu, blenderi i kuhinjski roboti ukrašeni zlatnim limunima, agrumima, opuncijama i žarko crvenim trešnjama samo su neki od tipičnih mediteranskih ukrasa.

Svi simboli estetike neraskidivo povezani sa Sicilijom, domom duša Domenica Dolcea i Stefana Gabbane, i općenito s Italijom i njezinom kuhinjom čiji je tumač izvrsnosti Smeg od uvijek bio.

Dolce & Gabbana and Smeg join creative forces to create Sicily is my Love, a new unique project Made in Italy.

The new small appliances collection is produced by Smeg with an unmistakable Dolce & Gabbana touch.

Toasters, citrus juicers, kettles, blenders and stand mixers all decorated with gold lemons, citrus fruits, prickly pears and bright red cherries are just some of the typical Mediterranean decorations.

All symbols of an aesthetic inextricably associated with Sicily, home to the souls of Domenico Dolce and Stefano Gabbana, and more generally with Italy and its cuisine of which Smeg has always been an interpreter of excellence.

Eksplozija boja i živosti: zlatno žuta boja limuna, vatreno crvena boja trešanja, intenzivna boja sicilijanskog neba i zelena boja indijske smokve. Boje sjajno svjetlucaju, vješto postavljene u dekoraciju uzorka koji krase kuhinjski robot. Cijelu kompoziciju naglašavaju nježni cvjetni motivi koji evociraju temu proljeća.

An explosion of colour and liveliness: the golden yellow of lemons, the fiery red of cherries, the intense cerulean of the Sicilian sky, and the green of the prickly pear. Donji dio malog aparata karakteriziraju ovalni oblici koji zatvaraju jedinstvene okuse Mediterana poput žutog limuna, mediteranske naranče i vatreno crvene Etna trešnje. Na kraju, detalji koji ovo dragocjeno kuhalo za vodu čine još posebnijim su tipični sicilijski ukrasi poznati kao paparuni, prikazani na samom dnu kuhala.

The kettle is decorated with Sicilian cart motifs and colourful patterns. The bottom half is characterised by oval shapes that enclose unique Mediterranean flavours such as yellow lemons, Mediterranean oranges, and fiery red Etna cherries. The final touches that make this precious kettle even more special are the typical Sicilian decorations known as paparuni, pictured on the rest of the kettle's surface.
